

# PREP SCHOOL VS THE BAR!!!

**Got your attention????? Read on.....**

The **PREP** isn't short for preparatory school...it's the **P**rofessional **R**emodeling **E**xperience **P**rofile – an assessment that determines which courses you need to take in order to achieve the NAHB Certified Graduate Remodeler designation (CGR).

The five core areas of courses are: Marketing & Advertising, Business Management, Estimating, Contracts, Liability & Risk, and Project Management. These courses will provide you with a path to becoming stronger and more competitive as a remodeler in today's marketplace.

The **BAR** isn't what you were thinking either....it's the **B**uilder **A**ssessment **R**eview – an assessment that determines the courses needed for the NAHB Certified Graduate Builder designation (CGB).

The five core areas of courses for the CGB are: Building Technology, Business Finance, Project Management, Sales & Marketing and Safety.

## Leadership – Credibility – Prestige: The Value of Designations

In today's changing and challenging housing market, what better way to get ahead or maintain your edge on the competition than a NAHB University of Housing degree? Designations show the consumer- your client - that their builder or remodeler is a professional who prices properly and honestly and is always being trained. CBRA offers locally all the courses you will need to take to meet the requirements of the designation. Earning a designation is hard work but the benefits are worth the effort.....the More you Learn the More you Earn!!!

You can take either the PREP or the BAR at a very special CBRA discounted rate of \$175 (normally \$220). The Assessment exam takes approximately 3 hours to complete (multiple choice questions) and will be available for you to take at the CBRA office in Whippany at your convenience. All you have to do is send in your registration with payment and the exam will be ordered for the date you prefer.
